2. Choose Create Account
3. Fill in your information including new password, which must be at least 6 digits.

Once you have set up this new login, you can now manage your account by clicking the Account Preferences button. If you have more than one student, you will see buttons to switch between your students' information.

Once you are on the Student Screen, you will notice the student's grades in the box next to the course name. If you click on the blue grade, you will be able to see all of the assignments for that class. Also, if you click on the teacher name, you will be able to email that teacher directly.

As always, please email Tabor Hodgson, HS Secretary, Hodgta@pasdwi.org or Barb Pulver, MS Secretary, Pulvba@pasdwi.org should you have any questions.
